Dear Parent / Guardian

RE: Public Consultation proposals for Sirius Academy North Secondary School

This letter is to keep you up-to-date with proposals for Sirius Academy North School.

Sirius Academy North School is a member of The Constellation Trust and has seen an increase in demand for pupil places over the recent years.

In order to meet current demand and projected increases in pupil places, The Constellation Trust is proposing to expand Sirius Academy North School to provide additional accommodation of 150 pupil places, 1400 overall capacity.

The proposed expansion scheme is due to be finished for September 2022 and will provide an additional 6 classrooms, activity studio, staff office/work room, storage, toilets and additional dining space. There will also be a double modular on site to accommodate the additional pupils in year 7 for 2021 which will be transferred into changing facilities once the extension is complete.

Please could you view the proposal and if you wish to provide comments complete the consultation feedback form and email your response back to gemma.bate@hullcc.gov.uk.

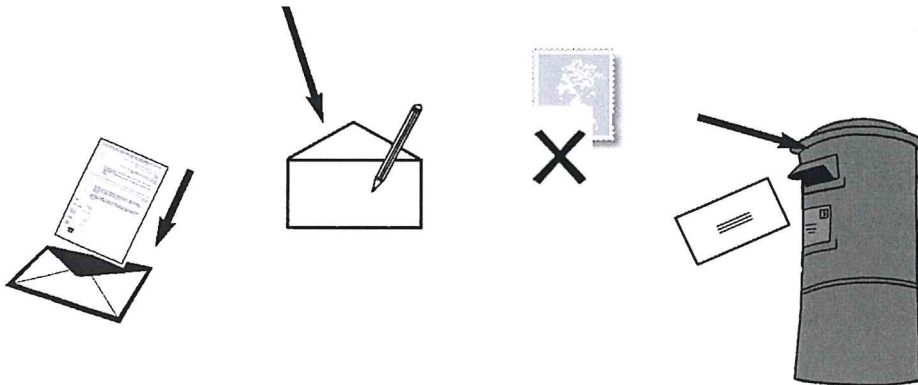

Yours sincerely

Garry Taylor
Director Major Projects & Infrastructure
