## Hot Topic !

### Green Jobs Taskforce .

- Supported by DfE & BEIS
- Target Net-Zero by 2050
- More plans to grow Apprenticeship routes.

## SPARKS

Year 8 had the opportunity to explore Careers and their aspirations in a Sparks Workshop. We will continue to keep the conversations active and inspiring!

## Young Citizens

Our YC Team (Year 9) are continuing to explore and learn about the UK's Legal Justice System.

They are strengthening their listening and speaking skills by providing their individual perspectives on topics relating to prosecution and human rights.

## BAE STEM

Year 7 were immersed into the world of Science, Technology, Engineering and Math's. Highlighting industry and STEM's functionality and how British Aerospace, the RAF and Royal Navy utilise STEM in their manufacturing and design. Magnetism was the lead subject theme and the learners engaged well, with this interactive roadshow!

Upcoming Open Events at the following :  
[Click Providers Icon and explore more information](#)

National  
Careers Week  
2022

07-12  
MAR 2022

SAN February calendars opened to our Working Lunches for Year 10. The WL's allow more access and provide more catered information and insight regarding personal development opportunities.
