

SAN Parental Bulletin!

We have one week to go to complete the first half term. It has been a very eventful term. There have been so many positives and I will share some of the highlights in next week's bulletin.

This week I would like to talk about Expert Learners. Next week, students and Lesson 1 teachers, will work together on our Attitude to Learning programme. Every year, students who achieve expert learner status outperform even Advanced Learners, on results day, by an average of more than 2 grades.

Expert learners show great respect for education (our second principle). They do this with great attendance and punctuality, no-limits uniform, practice work and classwork. Expert learners bring their equipment and planner. The great news is that every student can become an Expert Learner. Our aim is that 100% of students are expert learners.

DESMOND DURU
HEAD BOY

As head boy of Sirius Academy North I would like to illustrate our plans for the future. Myself and the rest of the student Leadership team will aim to encourage the academy's attitude to learning, inspire students, develop different aspects of the academy and last but not least continue to enforce our schools curriculum principles throughout the week as always. With our year leaders now in place at the academy, we will be discussing our mission with each of these so we can have a focus on all of our years.

COMMUNITY:

- As an academy we joined the campaign of 'Show Racism the Red Card' by wearing red socks. Well done to all students who took part in the stance. Below is our Y7s leading the way.

- Maksymilian Ludowicz - 8T2 – Showing a great community spirit in helping others to settle and become familiar with new timetables and routines.
Mrs Ayre
- As a school we are one community. We are all experiencing unprecedented times. Our community has had to adapt. This includes masks, one way systems and students remaining in the same classroom bubbles. Students are being fantastic at coping with these changes and are ensuring that as a school community we are growing stronger. Thank you to all our parents, carers and students.

Education is the passport to the future, for tomorrow belongs to those who prepare for it today.
