

SAN Parental Bulletin!

Thank you for your positive feedback about the work packs and live lessons. It is a difficult balancing act at the moment managing the needs within the Academy and those self-isolating. The rates of COVID-19 within the city are challenging and concerning for us all.

Thank you also for your vigilance in ensuring any student with any symptoms do not attend the Academy. Thank you for your prompt communication with the attendance team, this helps us plan effectively. We know concern continues and we are aiming to respond to all MyEd messages.

We aim to provide the best education possible. Over the year, we will have a lot of catching up to do. The students are working very hard, we see this everyday and we are confident that, with your support, we will catch up learning with all students.

With our y11 bubble popped it has been difficult to make any further development at the academy. We are pleased that our own personal reward stamps have arrived and we are excited about using these upon return to the academy.
